All Skill Levels

Paper clay is a fun, flexible and forgiving medium that can add dimension to your work. On day 1, you will learn the basics of paper clay work with an emphasis on sculpting forms and developing details. Using a series of small exercises, you will create elements to incorporate into a larger finished piece by layering and adhering wet and dry clay to a board. On day 2, learn finishing, acrylic painting and collage techniques as you take your work to completion. The result is a wood carved effect that will leave people wondering how it was made. This unique and innovative process is perfect for beginning and advanced students alike.

RESERVATIONS: Reserve your space for a minimum deposit of \$100. We accept checks, cash, and credit cards.
